Wishbone | Console - Demi Lune

Unlimited

This design pairs STACKLAB's signature Wishbone casting with demi-lune custom solid stone or joined solid domestic hardwood.

The Wishbone series honours central-eastern Canada's manufacturing heritage, the Wishbone is cast in sand- the same process used to produce machine parts for heavy industry.

In the joined-hardwood top, the slightly different appearance of each board— so unlike the unnatural perfection of veneered furniture—generates unusual variety. STACKLAB welcomes the small variances found in natural materials whose inconsistencies disqualify their use in typical furniture applications.
