

PROJECT:

DESCRIPTION:

The Arcus collection has been developed with configuration and customization in mind. It utilizes a modular linear LED body available 16", 24" and 32" lengths that allow the user to configure the fixture with supporting attachment components to fit the specific intended use. The Arcus collection can accommodate table, floor, wall, and ceiling applications.

The Sconce offers both beauty and adaptability with its meticulously hand-crafted design. Can be mounted vertically or horizontally with various attachment plates to meet your specific conditions. Also can be ordered as a direct-wired or plug-in fixture, this piece is perfect for spaces requiring flexibility and elegance.

DIMENSIONS: 24" h x 2 1/2" w

With shade facing out 5" d. and 2 3/4" clr. to wall.
With shade facing wall 3 3/4" d and 1 1/8" clr. To wall.

MATERIALS:
