Axis Sconce

MODELS #10737 (36"), #10738 (48").

The Axis Sconce can be rotated up to 280 degrees to ensure that it provides the light where you want, when you want it. This fixture can be mounted to mirrors or walls, and is available in two sizes. The Axis Sconce is made-to-order by hand in Colorado. Designed by Schuyler Sweet.

MATERIALS

Hand-finished brass, satin white acrylic diffusers

FINISHES

Antiqued Boyd Brass(shown), Blackened Brass, Satin Brass, and Satin Nickel.

LAMPING

36": 13 watt LED lamps (included) offer 2700°k, 3000°k 90+ CRI illumination, providing ~1000 lumens at 120-277v.

48": 17 watt LED lamps (included) offer 2700°k, 3000°k, 90+ CRI illumination, providing ~1300 lumens at 120-277v. Driver must be mounted remotely.
