Jupiter | Dinette

Unlimited

This dinette pairs our signature solid bronze Jupiter castings with a hardwood table top.

Honouring central-eastern Canada's manufacturing heritage, the Jupiter legs are cast in sand- the same process used to produce machine parts for heavy industry. The sand-casting process produces faintly perceptible irregularities that enhance the leg's tactile appeal.

The top is made of joined solid boards. The slightly different appearance of each board—so unlike the unnatural perfection of veneered furniture—generates unusual variety.

Rectilinear or organic shapes can be cut within the noted dimensions, without incurring additional costs.

Dimensions

- Up to: 70" W x 70" L x 29-1/2" H
