

**SKIM SKOOP**

Meet the slender sibling of our Original Skoop Chair from 1999. Settle in, visit with a friend, watch a movie, read something or simply rest. This will likely be the most useful and comfortable seat in the house.

A perfectly pitched frame and engineered layers of feather and foam have been seriously considered for your well-being.

All that, and it SWIVELS! The Ottoman (with or without a swivel) provides the final element of comfort.

Handcrafted in California.

**DIMENSIONS**

Chair: 29.25"W x 36.75"D x 36.5"H
