REMARKS

Fixed drop - Not adjustable on site.
Please specify OAL.

Overall length (OAL) is calculated at the center point of the lowest arm from the ceiling. Each arm has the ability to be positioned up or down 20 degrees from that pivot point which can raise/lower the shades approx. 6"-10". For optimal ceiling reflection, the top arm shade should not be closer than 8" to the ceiling.

Each arm has the ability to rotate 350 degrees. Please handle with care while installing and adjusting.

Arm length can be shortened at no additional cost to suit your projected requirements.

Indoor use and dry locations only.

NOTE: LED Type Lamps only. Halogen Bulbs will void warranty.

UL Certified

Title 24 JA8 Compliant
