Cloches Insert Pendants

Cloches Insert Triple Pendant Chandelier — CITPC.18.3 and Cloche Insert Pendant — CIP.18

The Cloche Insert Collection includes a handblown glass insert-tube that diffuses the light in the pendant, a study in the interplay of color, glass and light. The layering two forms (the bell shape and the cylinder) with identical, different or fading colors increases the viewer’s engagement with the piece.

The Cloches Insert Collection is customizable to fit any area and space in your home — from a single pendant to a 3-pendant or customized multi-pendant chandelier. As a chandelier, the bell-shaped (cloches) pendants hang from a canopy at varying lengths.

Lorin Silverman and his team design and fabricate each hand-blown glass product in their Brooklyn, NY studio.

GLASS SHADE 12.75" x 6.75"

CANOPY **CITPC.18.3**
14" diameter
CIP.18
5" diameter
